Discussion/Quiz questions to accompany Catford et al., 2009

1. Why do Catford et al. argue that a more unified framework of invasive species success is needed?

2. Describe one other invasion hypothesis mentioned by Catford et al. that we didn’t cover in class.

3. Describe the proposed PAB framework.

4. Give two examples each of abiotic characteristics and biotic characteristics that might influence invasion.

5. Pick two invasion hypotheses and describe how they would fit in a PAB framework.
