

## Assignment 9: TPs and *do*-support

1. Construct trees for the following sentences using X-bar theory, verb movement, and VP-internal subjects. For the ungrammatical sentences identify the source of the ungrammaticality.

(1) Basic Structures

- a. John liked it.
- b. John will like it.

(2) Negative Sentences

- a. \*John not liked it.
- b. \*John not will like it.
- c. \*John liked not it.
- d. John will not like it.
- e. John did not like it.
- f. \*John did will not like it.

(3) Y-N Questions

- a. Will John like it?
- b. \*Liked John it?
- c. \*Did will John like it?
- d. \*Did John will like it?
- e. Did John like it?

(4) Auxiliaries

- a. John will have liked it.
- b. \*Have John will liked it?

2. Challenge Problem Set 3, Chapter 9, pages 281-282.
