YOU MUST:
Put your name and student ID on the bubble sheet correctly.
Put the exam number on the bubble sheet. This is exam 1B.
Put all your answers on the bubble sheet.
Please sign the statement on the last page of the exam.

Please make sure your exam has 6 pages (plus this one and the reference page at the back).
Please keep your eyes on your own paper and your answers covered.
Use the exam as scratch paper. We will not grade anything on the exam itself.
Turn in both the exam and bubble sheet when you are done. Good luck!
Questions 1-10 compare two quantities. For the following pairs, select A if the item in column A is larger, B if the item in column B is larger, C if they are equal, or D if you cannot tell from the information provided. (2 points each.)
